Know the difference please!

Ch. Tierstaff' Flight of Icarus

This is a show champion in the USA - what a disgrace that we breed and select them this way, and that one can get so confused in believing that it is pretty ... even worse that THIS is the cream of the crop ...

and then to award them a championship !!!

Just look at his height to length ratio. Not to mention that he is totally over weight.

Look at this one - short legs – faults in head!!!

They create caricatures ridiculous distorted truths and to top it, they think they have done well.
