	MAD MAX'S MISS VENUS	3M KENNELS BLACK DAY AKA (BLACKICE) SOUTHERN KENNEL'S BLACK GOLD

The Import Southern Kennels Yellow (by RuggedXris) never to have again - only from this single Yellow/Laika's breeding's offspring. Import Yellow died soon after the breeding with Import Southern Kennel's Laika in a yard accident at RuggedXris in Mozambique – and **to know is** that “Cudaman” was stolen from Victor Aycart at Southern Kennel's in Ecuador South America. My thanks to you RX ( RuggedXris) for El Kuka .... ... Manjaro knl's South Africa.

When RX Imported his “Southern knl's bred Yellow” a male dog and his “Southern knl's bred Laika bitch”, it was yet another awesome step forward to strengthen the Mayday blood in Mozambique with RX and as such in South Africa at Manjaro kennel ... with Gr Ch Mayday and his son Gr Ch Barracuda **as direct grandfathers** .. 3rd generation” in these dogs. Many write-up's have been written and said about the Mayday line and their performance is common knowledge in South Africa and worldwide today.

Be that as is may, Import Southern knl's “Yellow” comes out of the beautiful game dog “Cudaman” that was stolen from Victor Aycart at Southern knl's because 9XW Gr Ch Barracuda, his father, was such a legend. Yellow's dam was less known, but she comes out of a champion called **“Cholo”**. And this is where a gem is hiding. Cholo's sire was Babyboy an inbred Jocko dog – the famous destroyer Chavis' Ch Jocko. The same style that Ch Jocko had was passed on to his grandson Ch Termite that featured in Babyboy's pedigree. And this is important for me that the good genes behind Babyboy was infused in this pedigree – both Jocko, Termite and Salina were 4x winners.

And nothing needs to be said about the genes behind RX's' “Yellow” .

With regard to “Import Southern knl's Laika” with her grandfather as Gr Ch Mayday, we see a cross between the Mayday line (75%) and the famous **Boyles dogs** (25%) ... that comprises Mr Rodgers, Bolt Action, Right Hand Man, Reno and Queen of Hearts.

The performance of Boyle's dogs is also a matter of record with some great names in there.

Laika's sire is the product of a female off Gr Ch Buck that was mated to Gr Ch Mayday, and a female from that litter was **again** mated to Gr Ch Mayday fixing the genes of two proven Grand Champions in the offspring.

And so the focus is now on Import Manjaro's El Kuka - at Manjaro's and Mr C.Gough (the privileged gifted dog for Manjaro's imported from RuggedXris Mozambique. Yellow/Laika offspring to carry these stunning once a lifetime combination genes forward with the best of other Mayday, Bolio, Redboy/Jocko, Vili/Cro and crosses at RuggedXris and Manjaro's.

### Manjaro's El Kuka
